JOSEPH CITY SCHOOL

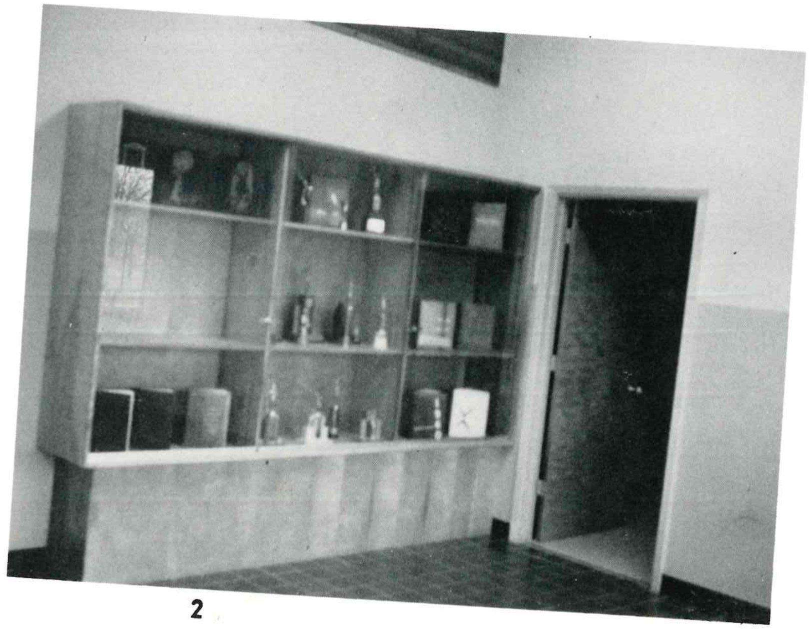
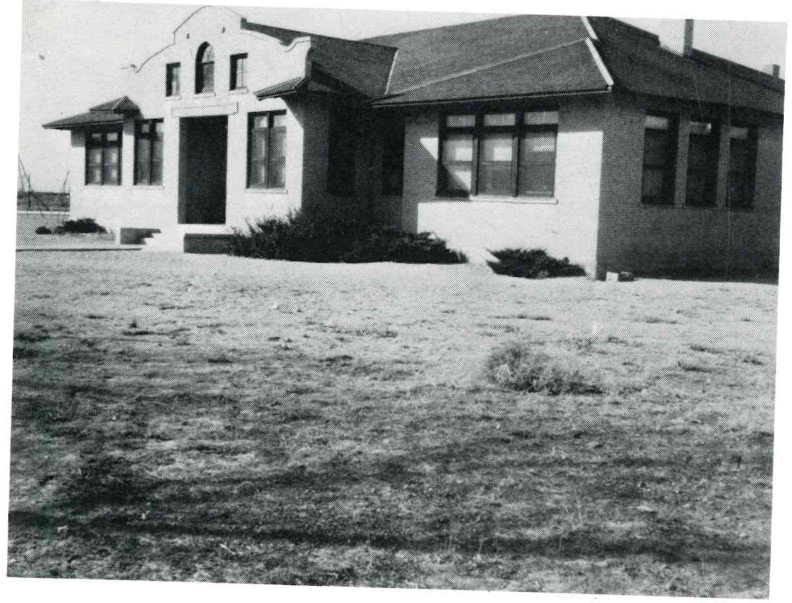
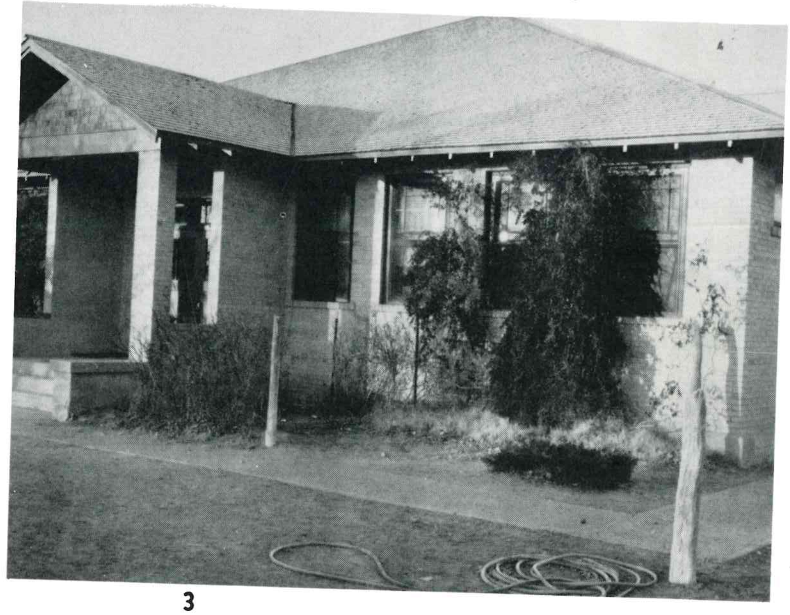
Our New High School Building

DEDICATED OCTOBER 18, 1962

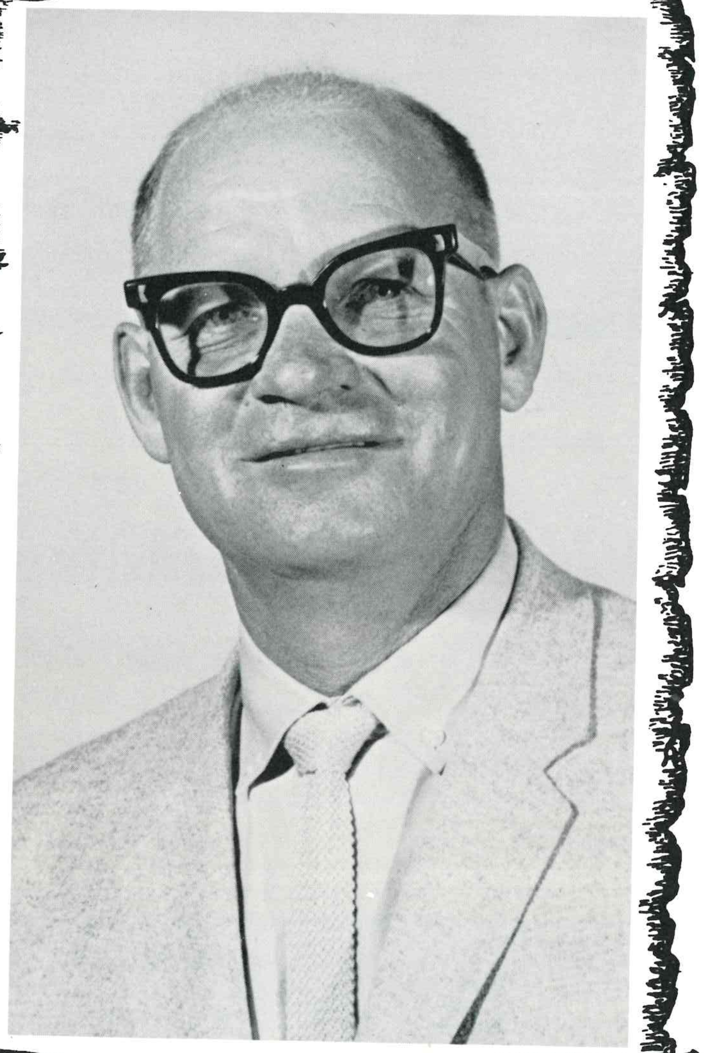




Elementary Buildings



Dedication



1963

With gratitude and respect for Mr. Daniel M. Inman, the faculty and student body of our school wish to dedicate this issue of the WILD-CAT to him for his services to us and to our school.

Last Will and Testament

I, Gregg Inman, upon leaving Joseph City School, being of sound mind (?) and strong body (?), wish to leave some of my treasured possessions to the unfortunates who have to stay behind. To Leroy, I leave my deep love for chorus (Ha Ha Ha), in hopes he can stand it for another year. To Milford, I leave my work beaten?desk, in hopes he can make better use of it than I did. To Roger, I leave my locker, in hopes he can reach the lock! To Conley, I leave my old sweaty basketball uniform, in hopes he can make a better name for it than I did. To the rest, I leave my deepest sympathy so they won't suffer too much.

I, Karen Elaine Foree, upon leaving this beautiful new school to which I am very fondly attached???, do leave some of my junk to the fortunates (the ones who have to stay behind). To Karla Sue and Janet, I leave the lucky #1 locker in P. E. To Kathy Kay, I leave my ability to wait on one certain boy for over four years. To Verleen, I leave my ability to not get too mad when people tease me. To the teachers, I leave my poor grades in hopes that I won't need them again. To Jackie Foree, I leave the little trips to the Post Office when the car is gone. I leave my books to anyone who will buy them. If I have anything left, I will need it in Holbrook.

As I leave this school at Jo Town, I must say I have had a little bit of fun. And now I make out my will.

I would like to leave all of my old pencils, papers, books, etc., to a very bright and good looking young man, Myron Witt. Use them in good faith. I would like to leave my hot '32 Ford to a very good go-cart driver, Craig Morris, except I will need something to get to Holbrook in when I miss the bus.

So long for now.

Jim Mobley

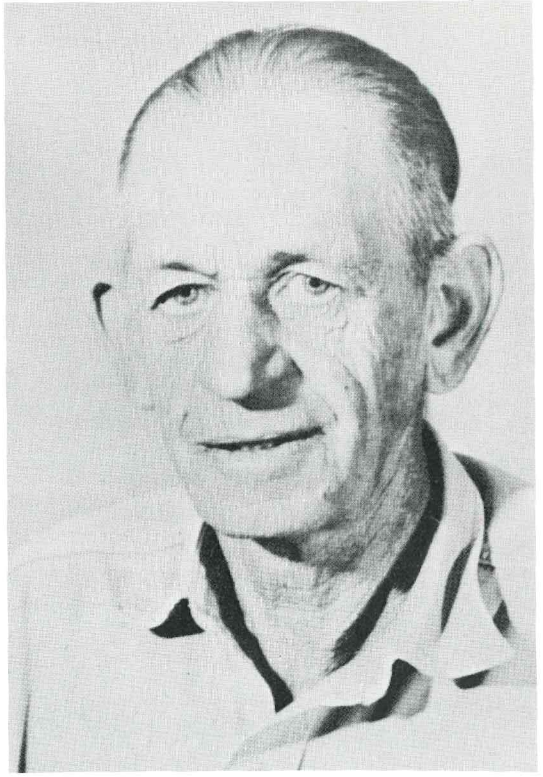
I, Albert Pooley, upon leaving this school, would like to leave some of my legal possessions behind. To Kenneth, I leave my love for Kathy in hopes that he will make it blossom into usefulness. To Bill, I leave my brains in hopes that he will use them better than I did. To Karla, I leave all the things that I think were funny. To Leroy, I leave my slim physique. To Blaine, I leave my ability to get along with the girls. To Janet, I leave my quietness. To Jack, my ability to get to school on time. To Myrleene, I leave a curl of my hair.

I, Nan Hansen, being of sound mind and strong body, upon leaving this bewildered school, wish to leave some of my possessions to the fortunate students who have to stay here. To Kathy, I wish to leave my ability to get along with Mr. Wright. (ha ha) To Bill, I leave fond memories of Karen. To Craig, I leave my ability to manage a SUPER Permanent. To Roger, I leave my locker #21. Last, but not least, I leave to Karla my elastic bandage for my trick knee.

I, Ronald Lubbers, being of sound mind, do bequeath some of my most dearly loved treasures to some of my friends. To Jack, my teasing friend, I leave my smallness. He is too big anyway!!! To Leroy, the only boy smaller than me in the high school, I leave my ability to be misunderstood and to get into trouble. To Arthur, I leave my ability to get away with doing homework in seminary. To Blaine, my ability to make girls mad, especially red heads!! To Myron, I leave my wicked laugh. To the rest of you; I LEAVE

As I leave this fine school, I, Mary Ann Smith, would like to leave a few things behind. To Phyllis, I leave my long legs. Use them to a good advantage as I did. To Karla, I leave the privilege of being first in the P. E. line-up. To Jackie, I will my ability to constantly chew gum in band and chorus without getting caught. To Janet, I will my yearning to wear glasses - It ought to come in very handy for her. To Kenneth, I will all the right and the wrong answers I gave to Albert. To Leroy, I will my curiosity for science, thereby getting good grades. And to Bill, I unconditionally will my lab manual.

In Memory of Mr. Newton



"Mr. Newton" as he was fondly called by the School Citizens, strictly lived his 62 years according to the best standards of justice and right.

In World War I Mr. Newton saw action in all the major battles fought on the blood stained soil of France. He was wounded twice in the same leg and on one occasion was slightly grazed. When the welcome news of the signing of the Armistice was heard on November 11, 1918, this young Mr. Newton was crippling about on crutches. The government recognized his war time service by presenting him with a Purple Heart.

After the war he returned to Butte, Montana, and there accepted a job with the U.S. Coast and Geodetical Survey. One assignment was to survey the rough and jagged course of the Big Colorado River. For five months Mr. Newton was a member of a surveying party of 8 to 10 men who made their way down the river by boat. (Parts of this experience many of us loved to hear him tell).

In 1923 while working as a surveyor on a dam being erected at Emmett, Idaho, he met and won the heart and hand of the pretty Velma Chadwell. They were married at Boise, Idaho, on Dec. 1, 1923. For over 39 years their lives were blended together in harmony and love.

In 1924 the young Newtons moved to Los Angeles. Here Mr. Newton worked as a structural and welding inspector, and here on Nov. 25, 1929 their only child, Donald, was born.

The Newtons arrived in Joseph City May 26, 1945. For nearly 18 years they have been useful and lovable citizens of our town.

In 1954 Mr. Newton accepted a position as custodian of the Joseph City School buildings and property, also driver of the school bus. For nine years he transported school boys and girls to and from Holbrook in all kinds of weather with never an accident or citation. He was always careful, prompt, courteous, and kind and never missed a day in taking his precious load of youngsters to and from the school grounds. He accepted his trust with dignity and gave to his job a most conscientious effort. For his careful record he merited the unstinted love and respect of school boards, teachers, parents and boys and girls. Mr. Newton was truly interested in this school that he served so well.

He possessed more than ordinary technical skill in many fields. He understood electricity and plumbing. He kept the heretofore troublesome heating system in good working order. He was the "Fixer Upper" of anything that went wrong from the boiler to the music room.

Mr. Newton's six weeks in the hospital was brightened by the many cards and letters which poured in to express gratitude, hope, and respect. Some came from college students and other from missionaries in foreign fields.

Mr. Newton was called home Thursday evening, Feb. 21, 1963. He is survived by his devoted wife, their son Donald and four grandchildren.

As a final touching and beautiful tribute, the older boys of the school graciously and diligently prepared the grave which was to receive the remains of their congenial and kindly friend, Mr. Newton. Special floral tributes were given by the Teachers, and students that also express our love and respect.

Some to college . . .
some to work

We hope you will find a way to college, for your life will be fuller and richer if you do. For those of you who must enter the business world now, let us recommend that you open a savings account immediately — however small — at the Valley Bank.

As you progress in your business life, you'll need bank credit. And when a banker makes his first loan to young people, he is guided mainly by the banking record they have established in the past.
